The Sacred Triduum 20-22nd March

Maundy Thursday, "Solemn Evening Mass" at 6:30pm. This marks the central rite of the day and the oldest of which we have explicit record. St. Augustine informs us that on that day Mass and Communion followed the evening meal or super, and that on this occasion Communion was not received fasting. The primitive conception of the festival survives to the present time in this respect at least, that the clergy do not offer Mass privately at the public Mass, like guests at one table.

Good Friday, "Liturgy of the Passion & Death of Our Lord" at 6:30pm. Liturgy of the Word, Solemn Orations, Veneration of the Cross & Mass of the Presanctified; which is of course no real sacrifice, but, strictly speaking, only a Communion service. The sacred ministers, wearing their black vestments, go to fetch the consecrated Hosts preserved at the

altar of repose. The great consecratory prayer of the Canon, with the words of Institution, are entirely omitted. The church otherwise remains bare and desolate, only the crucifix being unveiled.

Holy Saturday, "The Great Paschal Vigil & 1st Mass of Easter" at 8pm. Deprived of light we begin this liturgy in darkness. Ceremonies of "Liturgical Renewal" take place before the 1st Mass of Easter. The blessing of the new fire, procession & Exultet, followed by prophetic lessons from the Old Testament, continuing with a renewal of baptismal vows is completed by the Mass & psalm of Lauds.

Easter Sunday, Mass "Resurrexi" at 12pm.
